Lucky Tie House Funded Jackpot Increases Game Win!

Lucky Tie Baccarat Layout Design

Lucky Tie is a house funded jackpot game where players have the chance of winning a progressive jackpot or a fixed prize when placing a normal tie bet. The Jackpot triggers when an 88 – 88 tie occurs. All players who placed a tie bet for that round share the Jackpot prize in proportion to the units bet. The incentive of a jackpot prize increases the amount of tie bets wagered and therefore increases the game win.
