

ITALIAN QUALITY & DESIGN

Online

The Abbiati Company is privately owned by the Abbiati family and is based in Turin, Italy.

Abbiati Casino Equipment has been in business for over 40 years and has built an international reputation for high quality, along with a strong client base that extends to almost every country in the world that offers legalised gaming.

Abbiati's main business is the design, manufacture and supply of casino equipment as used in live gaming, such as Roulette Wheels, Gaming Tables, Security Gaming Currency i.e. Chips, Jetons & Plaques, and Layouts, all of which are technically supported by graphics and CAD departments.

Known worldwide for its made-in-Italy quality and design, Abbiati can offer a wide range of dedicated products both for the land-based market and for the online sector.

Abbiati has developed a reputation for bespoke design and build capabilities with high quality Italian workmanship and security paramount. We can create an integrated solution or specific customised products to meet your own specifications, embedding appropriate technologies and providing unique propositions to attract and retain players.

Our consistent growth and success is evidence of our continued commitment to deliver high quality, flawless products and services.

From traditional classic through to contemporary bespoke styles, Abbiati Roulette Wheels are the product of choice for many operators across the world.

High quality Italian design and manufacture with comprehensive and stringent testing supports the GLI-25 certification performance and complete randomness.

Patented high precision laser sensors can be *invisibly* embedded in the ball track which can provide for auto number recognition and many other game event signals for game management and player attract and reward messaging.

ABBIATI
CASINO EQUIPMENT

A Security Independent Support and a High Precision Triangle Instrument is a **special calibration system** which, thanks to the sensor - one per each leg, allows to secure and control the roulette wheel balance during the game.

The integrated on-line system constantly monitors the level of the roulette wheel, with the warning message of no longer level.

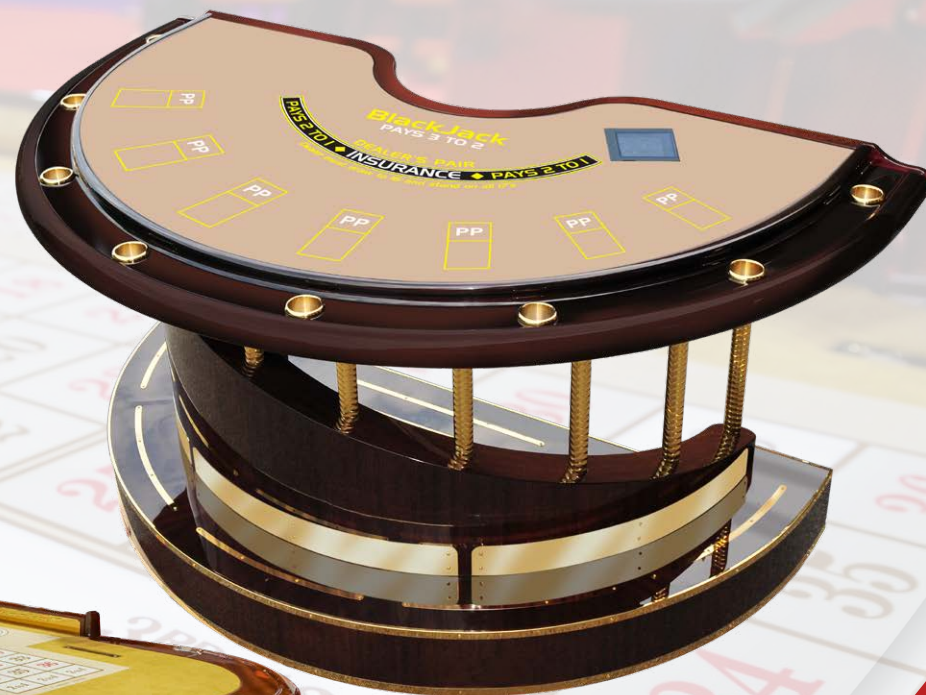

Abbiati offers a bespoke equipment solutions for live online casinos:

There is a wide choice of materials and finishes from special solid woods and Corian to polyester, composite and various laminates. Brass, chrome, stainless steel, aluminium for metal parts in gloss, matt or brushed finishes.
